No need for a seal!  
Apply easily using  
your smartphone

If you want to open a Japan Post Bank account but are too busy to go to the counter on weekdays... that's okay!

Open an account easily with the smartphone you use every day!

3 EASY STEPS

**1** Scan your ID  
and take face photos

**2** Enter your information

**3** When your cash card  
arrives, you can use  
your account!

What you need

Smartphone, personal identification document (driver's license, Individual Number Card, or Residence Card), email address

\*Smartphones must have NFC functionality.

The JP Bank account opening app allows you to open an integrated account with no passbook.

Please use your cash card for deposits, withdrawals, and other transactions.

You can check deposit and withdrawal statements online for up to 20 years from the date of application, without the hassle of using a passbook.

No passbook means that paper consumption is reduced, which is more considerate to the environment.

\*Checking your current account balance, deposit/withdrawal information, and various procedures such as remittance and change of address can all be done using Yucho Direct or Yucho Bankbook App.

For more information, please see the Japan Post Bank Website.

**Notes** ●The JP Bank account opening app can be used only by individual customers residing in Japan who are 16 years of age or older.
