Report: "Cross Cultural Trip - Germany - What is German culture?" (presented by SIED)

Updated Jul. 11, 2017

SIED hosted "Cross Cultural Trip - Germany – What is German culture?" on July 6th (Thu.).

We invited Mr. Anescha Tiesbohnkamp, the exchange student from Germany to give a presentation about sports, food, and campus life in his country.

In his presentation, he told the audience that the soccer is the most popular sports in Germany and that there are more than 1500 kinds of sausages that people enjoy there.

Through the presentation, the participants made new discoveries about the country.

SIED plans various intercultural events where you can enjoy cultures of different countries. We look forward to your participation!
