Updated Nov. 1, 2018

On October 21th, SIED held a welcome event for new international students, "Let's Explore Kyoto Botanical Garden!" at Kyoto Botanical Garden in Kyoto, Kitayama area.

24 students including 21 international students participated in the event.

The participants were divided into small groups and aimed to complete missions given by SIED. They enjoyed missions such as "Take a photo of flowers that are full bloom in autumn" or "Find a fountain in the garden" while exploring the garden. Fortunately, it was good weather all day. We hope that the participants were able to relax and refresh themselves with seeing beautiful flowers and green.

We will hold many interesting events throughout the autumn semester. We look forward to seeing you all!
