On June 20th (Thu.), SIED hosted "KOREAN Make Up" at the International Community Lounge on Kyotanabe Campus.

In the event, we welcomed Korean students who studied makeup skill at beauty schools as instructors and learned popular Korean style makeup or tips for makeup while watching their techniques. Participants had Korean students actually do makeup using various make-up tools. They seemed to be excited and interested in Korean student's skill. In addition, they interacted one another while talking about differences between Korea makeup and Japan one, or their daily makeup.

SIED is planning many other events, so please check them out if you are interested in!
