Updated Dec. 13, 2019

On December 5th (Thu), SIED hosted "Family Crest Items Workshop" at a studio near Karasuma-Oike station. In this event, participants challenged to dye each crest which selected in advance on a mini tote bag. Participants chose various kinds of crests such as the emblem of their birthday, samurai's family crest, or pretty rabbit crest. They made own bag with a full of originality.

In addition to the workshop, we also took a small lecture. We learned the difference between female crests and male crests, and the meaning of family crests. The teacher at the workshop was very kind and friendly, so we could deepen our understanding with a lot of fun. Some participants said that "This event was overall lots of fun. It's my favorite event!" Thank you very much, BANBA SENKOGYO Co., Ltd for your help.

SIED prepares many events to experience Japanese culture throughout the semester. 2019 is over in a month. Would you like to interact with new friends more through SIED events next year?
