Post

Updated Jul. 2, 2021

"Let's make mask accessories!" was held from the lunch break on to the 3rd term on June 24th (Thursday). We made a mask charm that a mask we put on daily to decorate by using beads and wires. Some SIED staff who participated as assistants seemed to be struggling with a process that required detailed handicraft work with pliers. However, all participants were dexterous and enjoyed creating only one mask charm in the world. Also, participants and SIED staff communicated actively while working their mask charms. Thank you to everyone who participated. We, SIED, will continue to plan events that we can share the joyful moment together. We are looking forward to your participation!
