

Guide to fire Insurance for International Students Studying at Doshisha University

(Fire Insurance with Liability Endorsement)

The purpose of this program is to provide compensation for daily life liabilities and fire accidents to international students studying at Doshisha University in order to safeguard their living conditions and schooling.

[Fire Insurance with Liability Endorsement] (In Japan only)

This insurance is a contract for fire insurance with tenants' liability endorsement. Foreign students studying at Doshisha University are the policyholder and also the insured. The certificate and the policy conditions of the fire insurance are not provided to the foreign students who participate the fire insurance but can confirm the details of the contractual coverage through the Internet (eco-certificate of the insurance · eco-policy condition of the insurance). A postcard which explains the procedures of how to register the "Web Customer Service" will be delivered to your residence at a later date. On the date you participate the fire insurance, you receive a copy of the participation of the fire insurance.

1) Tenants' Liability (maximum insurance amount: fire-resistant construction JPY10,000,000 / non-fire-resistant construction JPY7,000,000 / responsibility due to damage or stain by the tenant: JPY10,000)

The insurance is paid in the event that the policy holder is held legally liable to pay compensation to the landlord for any damage to the room rented or used by the policy holder in Japan as a result of a fire, blowout, explosion or water leakage caused by accidental damage to the water supply system and/or drainage system.

He failed to properly stub out a cigarette and caused a small fire.

2) Cost of Repairs (maximum insurance amount: JPY3,000,000/responsibility on the tenant: JPY10,000)

The insurance is paid an equal amount of the cost of repairs withhold the deductible (JPY10,000 per accident) if the tenant repairs the rented room pursuant to the contract with the landlord, and if the damage is caused by a fire, blowout, explosion and damaged caused by water leakage due to an accident to the water supply system and/or drainage system.

Water overflowed from the bathtub and leaked through to the floor below.

3) Daily life Liability (maximum insurance amount: JPY300 million / no responsibility on the tenant)

The compensation is paid for damages up to the amount insured for each accident if the policyholder is held legally liable for an injury or damage to another person or to any personal property as a result of an incidental accident.

This insurance is with "settlement negotiation" and in principle; Mitsui Sumitomo Insurance Company is in charge of the settlement negotiation.

4) Fire Insurance for household article

(maximum insurance amount: fire-resistant construction JPY1,800,000 / non-fire-resistant construction JPY1,320,000/ responsibility on water leakage due to an accident to the water supply system and/or drainage system by the tenant: JPY50,000)

The insurance (cost of repair or replacement) is paid if the household article is damaged by a fire, lightning strike, blowout, explosion, wind, hail, snow, and water leakage due to an accident to the water supply system and/or drainage system and theft.
